

We enjoy xm raider in two of our vehicles...Besides entertainment it offers us SAFETY with weather & traffic information, especially in areas where normal reception is difficult. If you are heading into a storm or serious traffic situation xm will alert you long before local broadcasts will reach your car.

We ask that you reject the NAB petition 04-160...Do not let their lobbyists or donations sway you....The average person NEEDS xm Instant Traffic & Weather...The bottom line is...IT IS A SAFETY ISSUE!!! Thanks
